

AKKINA SRI SIRI

9848536789 ◇ Vijayawada, Andhra Pradesh

akkinasrisiri@gmail.com ◇ <https://www.linkedin.com/in/sri-siri-akkina-4a92792a7/> ◇ <https://github.com/SRISIRI05>

OBJECTIVE

A MERN stack developer with strong machine learning knowledge, building intelligent, data-driven applications. Combining full-stack development with clean architecture and modern engineering practices to deliver scalable and high-quality solutions.

EDUCATION

B.Tech in Computer Science and Engineering

Expected 2027

Prasad V. Potluri Siddhartha Institute of Technology **CGPA: 8.05/10**

Intermediate (MPC)

Sri Chaitanya Junior College, Vijayawada. **Percentage:85.4%**

2021 - 2023

SKILLS

Languages: JavaScript, C++, Java, Python

Core CS: Data Structures, Algorithms, Computer Networks, DBMS, Problem Solving

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), RESTful APIs

Databases: MongoDB

Dev Tools: GitHub, VS Code, Postman, MongoDB Compass, Cisco Packet Tracer

Additional: Machine Learning (Python, ML Model Integration)

PROJECTS

Quantum ML FTSE 100 Predictor:

- A production-ready demo that forecasts intraday FTSE 100 movements
- Using a Variational Quantum Classifier (VQC) with a modern React UI
- The backend auto-trains on a sliding 3-year window and caches per-date predictions for instant reloads.[\(Link\)](#)

Fashion MNIST Classification:

- Built a Fashion-MNIST image classifier using multiple classical ML algorithms.
- Achieved 86 percent accuracy with Random Forest after preprocessing and scaling.[\(Link\)](#)

Hospital Management System:

- Developed a full-stack hospital management system to handle patient records, appointments, and doctor scheduling.
- Implemented role-based access and secure CRUD operations using a modern web stack.
- Improved operational efficiency with a responsive UI and optimized backend APIs.[\(Link\)](#)

CERTIFICATIONS

- **Infosys Springboard** — Machine Learning Foundations, Explore Machine Learning Using Python (**October 2025**), Basics of Python (**November 2024**)
- **AICTE** — AWS Cloud Virtual Internship (**Oct-Dec 2024**), Google AI-ML Virtual Internship (**July-September 2025**)
- **NPTEL** — Fundamentals of Artificial Intelligence(**July-October 2025**)
- **Cisco Networking Academy** — Network Technician Career Path (**June-August 2025**)

ACTIVITIES AND VOLUNTEERING

- Member of ACM Student Chapter at PVPSIT, Organizer and volunteer for ACM Algo Arena 2025
- Participated in Amaravati Quantum Valley Hackathon 2025
- Participated in Smart India Hackathon 2025 (SIH)
- Participated in Winter School on Decentralised Trust and Blockchains at IIT Madras (2025).
